Have a blessed day!

What is the Grand Christian Prep curriculum?

We encourage critical thinking with original, grade-specific curriculum taught by certified teachers and GCP mentors. We combine a STEAM focus (Science, Technology, Engineering, Art & Math), with hands-on learning and Christian values. Daily Bible lessons, music, group and independent projects, homesteading lessons, plenty of recess, daily snacks, and small class sizes are all designed to encourage students to engage with and enjoy school again. We believe in the Constitution of the United States of America and pledge the American and Christian flags daily, as well as the Holy Bible.

How is the GCP Cubs Program different?

This unique program for 3 and 4 year olds is not a daycare. It is a structured, hands-on growth program focused on the principles of kindness, self-control, sharing, brainstorming, respect and working both individually and as a team. All Cubs also participate in daily Bible class and block classes, giving them a chance to have multiple changes of scenery and academic stimulation every day.

Are you accredited?

We are actively working with the International Christian Accrediting Association (ICAA) and Oral Roberts University (ORUEF) to obtain accreditation. We estimate completion sometime in 2025.

Lions Tuition (Kindergarten through 8th Grade):
